ROAD CLOSURE AS LIMEHOUSE LINK ROAD PROGRESSES

Major progress work on the Limehouse Link Road close to Emmett Street and Bowley Street will result in these roads being permanently closed to traffic from Saturday 9th June.

Emmett Street will be blocked from a point south of Nevis House, but will become two way north of Nevis House, to Limehouse Causeway, thus maintaining access to local properties. Bowley Street, which runs east-west between Emmett Street and Westferry Road will be completely closed.

Access to Westferry Road from Three Colt Street will still be possible for vehicles less than 7'0" wide, via Limehouse Causeway. Vehicles over this width will need to approach the Isle of Dogs by way of the A13 (Commercial Road) and West India Dock Road.

Once the roads are closed, work will commence on diverting the services on the site, prior to construction of the Limehouse Link tunnel. After the tunnel is complete, this area will house the Road's Eastern Services Building.

Further information on the Limehouse Link Road project is available from the London Docklands Development Corporation's Highways Information Unit by telephoning 071-538 4667.
